DOMESTIC TELECOMMUNICATIONS SERVICES**

WC Docket No. 07-193
Comp. Pol. File No. 826

Comments Due: September 24, 2007

Section 214 Application

Applicant: Comcast Phone of Colorado, LLC d/b/a Comcast Digital Phone

On **August 27, 2007**, **Comcast Phone of Colorado, LLC d/b/a Comcast Digital Phone** (Comcast or Applicant), located at **1500 Market Street, Philadelphia, PA 19102**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic telecommunications services in Colorado.

Comcast indicates that it currently provides interstate and intrastate telecommunications service throughout Colorado. Comcast states, however, that it now intends to discontinue its provision of local exchange, interexchange, and international telephone services in the Colorado communities of Northglenn, Thornton, and Highlands Ranch (collectively, the "Service Areas").¹ According to Comcast, the anticipated date for the proposed discontinuance is October 10, 2007, or as soon thereafter as the necessary state and federal approvals can be obtained. Comcast explains that the proposed October 10, 2007 disconnection will be a "soft disconnect" and that end-user customers in the affected locations will continue to be able to call emergency services by dialing 911 and to call the Comcast Phone call center until November 10, 2007, or one month after the authorized disconnection date. Comcast also states that it will assist affected customers during their transition to new carriers. Comcast indicates that it informed all affected customers of the proposed discontinuance by letters sent via first class U.S. Mail on August 24, 2007. Finally, Comcast asserts that it is non-dominant in the local exchange, interstate, and interexchange services markets.

In accordance with section 63.71(c) of the Commission's rules, Comcast's application will be deemed to be granted automatically on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies Comcast that the grant will not be automatically effective. In

¹ Discontinuance of international service is governed by 47 C.F.R. § 63.19.

Comcast's application and notice to its customers, Comcast indicates that it anticipates discontinuing service on or after October 10, 2007. Accordingly, pursuant to section 63.71(c) and the terms of Comcast's application and notice, absent further Commission action, Comcast may terminate service to the affected Service Areas in Colorado on **October 10, 2007**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **September 24, 2007**. Such comments should refer to **WC Docket No. 07-193 and Comp. Pol. File No. 826**.
